

**SECRET**

**JOURNAL**

**OFFICE OF LEGISLATIVE COUNSEL**

**Tuesday - 13 March 1962**

25X1 1. [ ] Talked with Bill Darden, Senate Armed Services Committee staff, who indicated he would like to have biographies for all Committee members on General Carter as soon as conveniently possible. In addition, Darden stated certainly the Committee would not be ready for a confirmation hearing until Thursday, 22 March. We will consult further on a firm date.

25X1 2. [ ] Talked further with Sam Crosby, House Appropriations Committee staff, who was obviously pushing for approval to visit the manufacturer on the west coast in connection with OXCART. He had not made it clear before and did today that through his budget contacts in Air Force he had simply sought authorization to make the trip and they had suggested he contact the Agency. I indicated there were a number of problems in this connection and that if he were interested in securing information on these aspects of the project which were related to the Air Force he should contact Dr. Charyk who is familiar with this. This followed my discussion with Col. Beerli who had talked with Dr. Seville who in turn had discussed this with the DCI. I assured Crosby we would be perfectly happy to brief him thoroughly on the Agency side of this situation as well as any members who are entitled to receive it. While not completely satisfied, he accepted this.

25X1 3. [ ] At the request of Dr. Martin Swieg,  
25X1 I met briefly with [ ] a previous Agency employee, who  
25X1 is now applying for the JOT program. Apparently the Speaker's  
brother is associated with [ ] father's firm. After  
the interview, I advised Swieg that I was well impressed with the  
individual and in fact our people had also formed a good opinion of  
her based on her most recent tests. He appreciated this and  
requested I advise him of the final results.
